

Scripture Source

Bible Answers | v0.1.0 Beta | Last updated: September 5, 2026

Bible Answers uses the World English Bible (WEB) as its English Scripture source.

The World English Bible is a modern English translation of the Holy Bible and is dedicated to the public domain. This allows the Scripture text to be freely copied, shared, quoted, and distributed.

1. Translation

World English Bible (WEB)

Public-domain English Bible translation

Publisher/source: eBible.org

2. How Bible Answers Uses the Scripture

Bible Answers uses the Scripture text as its underlying Bible corpus for Scripture discovery and retrieval.

The application does not claim ownership of the underlying public-domain Scripture text.

3. Attribution

The name “World English Bible” is a trademark of eBible.org, while the Scripture text itself is public domain.

Bible Answers is an independent, open-source project and is not affiliated with or endorsed by eBible.org.

4. AI-Generated Responses

Bible Answers uses artificial intelligence to help users discover relevant Scripture and generate contextual reflections.

The AI-generated response surrounding a Scripture passage is not part of the Bible translation and should not be interpreted as an official commentary or interpretation of the World English Bible.

Users are encouraged to read Scripture in its broader context.

5. Source

For the official World English Bible source and copyright/public-domain information, please refer to eBible.org.

Official source

6. Project Independence

Bible Answers is an independent open-source project. References to the World English Bible identify the Scripture translation used by the application and do not imply sponsorship, partnership, endorsement, or affiliation with eBible.org.

Template note This document follows the Bible Answers v0.1.0 Beta document theme and can be reused for future project, attribution, and source documents.
